PROFILE

I am driven by a passion for technology and a commitment to continuous learning, I have proactively pursued self-study in frontend development, acquiring proficiency in HTML, CSS, JavaScript and various frontend frameworks. Through hands-on projects and online courses, I have demonstrated my ability to design and develop responsive web interfaces, ensuring a seamless user experience.

SKILL HIGHLIGHTS

Programming: HTML, CSS, JavaScript, APIs **Frameworks:** React.js, Tailwind, Node.js
Version Control: Git & Github **Databases:** SQLite, Mysql, MongoDB

WORK EXPERIENCE

Tech Studio Academy, Lagos, Nigeria Aug. 2023 – Mar. 2024

Frontend Developer/Student

- Developed and maintained user interfaces for web applications using HTML, CSS, and JavaScript, ensuring high performance and cross-browser compatibility.
- Implemented frontend features and functionalities using React.js, optimizing code for reusability and scalability.
- Collaborated with backend engineers and designers to translate design mockups into functional frontend code, adhering to UI/UX best practices.
- Conducted code reviews and participated in agile development processes to ensure code quality and meet project deadlines.
- Utilized Git for version control, branching, and merging code changes, facilitating effective collaboration within the development team.
